Many Women Need Better Blood

They Lack Vitality and Color. It is a fact proved by thousands of grateful letters that Hood's Sarsaparilla is remarkably beneficial to women, whose most common ail-

ments drain and weaken the system and sometimes result in anemia, nervousness, general break-down. Women overworked by family duties or overtasked socially, find their nerves all unstrung faces pale, appetite poor, sleep unrefreshing Hood's Sarsaparilla gives the blood more vitality and better color, makes stronger nerves and con-tributes to the enjoyment of life.

It embodies a long-tried and found-true formula for relief of the pale, weak, nervous and dyspeptie.
